Evaluations Criteria

The College's evaluation system emphasizes high academic standards appropriate to graduate-level education. Grading by course directors is based on a variety of oral and written evaluations with an emphasis on quality seminar contribution. Grades of A, B, C, D or Incomplete may be assigned. However, only an A or B represents an acceptable level of performance. A course grade of B- is considered the minimal acceptable grade to complete a course. A grade of C+ or less is considered below the level of performance expected. Students who receive a course grade below B- are counseled by the specific course director and require remediation.
